

SA537565

Gents silver Omega wrist
watch, circa 1920

Price

Sold

Item Reference: SA537565

Date of manufacture: 1920

Description

A gents silver Omega wrist watch, circa 1920. The watch has a good quality 15-jewel, 2 adjustments, hand-winding movement which is working nicely. The movement is fully signed and the serial number of 5,268,307 dates it back to around 1920. The watch itself measures 31.5mm diameter excluding the onion winding crown and the fixed wire lugs. The case is silver and there are hallmarks inside the hinged case back for Birmingham 1921 with a case maker's mark for Aaron Dennison of the Dennison Watch Company, a prolific manufacturer of cases for various watch producers. The back of the watch has the name of a previous owner, J M C McCreddie. The case has the odd mark but overall is in good condition for such an early piece. The lens is in good condition. The signed dial is in good condition and has blued steel hands, a subsidiary seconds dial and outer minute markers picked out in gold paint. A new leather strap has been fitted. The watch comes in a Mappin & Webb presentation box. Free worldwide shipping
