## Description

Circa early 20th Century, this beautifully detailed spelter lamp is in very good condition with no signs of repair or damage. It measures 81cm in height including the shade at the widest part the lamp is 22cm with a base of 19cm in diameter and 7cm tall. The lamp has been rewired to UK specifications using flex cable and fitted with an online switch. The base has a label on the front saying DON JUAN, and the clothing on the cavalier is of the best quality. He is wearing one glove whilst holding another, and in his other hand is the tall nicely shaped pole. His cavalier's boots, the sword, hat and the buttons on his breeches are all very finely detailed. The period pale pink/brown shade came with the lamp but a reproduction opaque shade could be used if preferred and we would be happy to suggest a source. It measures 17cm in height and the pole holding the light is 57cm. If the buyer can arrange collection from us in SW London, we will pack it safely and offer a 20% discount on the price. Alternatively, postage and packing within the UK mainland only is included in the price and for remote parts of the UK or abroad, please contact us for delivery quotes. Thank...
