Description

An outstanding and rare Victorian silver plated novelty cruet in stunning condition. The plinth is decorated to resemble flagstones and on this sits two "milk churns", one for mustard including a ladle shaped spoon, a pepper and a "coopered wooden pail" acting as the open salt, gilded on the interior to protect the metal from the salt. The two milk churns sit over individual circular stands to keep in place but are removable and with the aid of the swing handles sit on either side of the yoke; just superb. The base is where the diamond shaped British diamond shaped design registration lozenge can be found which can be dated to September 23rd, 1871. Excellent condition with magnificent detailing, measuring 6" x 4 1/4" and standing 6" tall. Item ID: 31394

Internal Ref: 31394
