Description

This lovely SOLID SILVER BOWL was made by the well-known and sought after silversmiths Nathan & Hayes and hallmarked in Chester in 1902. Standing on a raised, stepped base the bowl has been embossed with a leaf and flower design interspersed with wavy vertical lines. The rim is folded outwards and has a raised repeating line pattern all around. This beautiful bowl is free from any added engravings, monograms or initials but does have two blank cartouches which could be used to personalise this superb piece. In superb condition with little sign of wear or age, this excellent piece would make a fabulous gift or would add to any collection.
