Description

A vintage 1920s Kays Standard Lever pocket watch. The watch has a Swiss stem-winding movement which is working well. The Revue movement was made for Kay,s and is signed Kay & Co Ltd, Swiss made. The watch measures 54.8 mm diameter excluding the winding crown and the loop. The case is nickel and has a screw on front and back an early attempt to make watches more water / dust proof although I would not rely on this. The case has light surface marking from use but overall it is in nice condition. The glass lens is in nice condition. The dial is signed Kay's Standard lever, Swiss Made. The dial has a faint hairline crack between 1 o'clock and the center although hardly noticeable and light surface marking from use but overall it is in nice condition. The watch has its original blued steel hands. The watch will be sent in a new presentation box. Price includes worldwide postage.
