Description

A ladies silver antique Waltham fob watch with albertina. The watch has a stem-winding movement, grade 115 which is working nicely. The 15 jewel movement is signed and the serial number 17379615 dates it back to 1908. The movement is protected by an inner hinged cover. The watch itself measures 35.5mm diameter excluding the winding stem and the loop. The case is sterling silver and was made by the Crescent Watch Case Company. The case has light surface marking from use and mild bruising to the back but overall it is in nice condition for a 1908 piece. The glass lens is in nice condition. The signed enamel dial is also in nice condition. The watch comes with a ladylike albertina, 21cm long including the clasps. The watch and chain will be sent in a new presentation box. Price includes worldwide postage.
