Description

First Period Worcester kidney shape dessert dish / compotier painted with the Rubber Tree Plant pattern, c.1775. With decorative branches and pseudo Chinese marks to the reverse as is specific to this pattern. Referenced in Worcester Blue & White Porcelain 1751-1790, Brandy, French & Sandon, section I.E.47. It measures 10 1/2" (27cm) wide, 7 3/4" (20cm) deep and 1 1/2" (4cm) high. Condition is excellent: there is one tiny (2mm x 1mm) flake loss to the glaze under the rim and a couple of minor frits to the foot rim. No restoration and surface wear is really minimal, it has clearly been very little used. A very nice example.
