

SA540820

A 1920s Swiss half hunter pocket watch.

Price

Sold

Item Reference: SA540820

Date of manufacture: 1920

Description

A 1920s Swiss half hunter pocket watch. The watch has a good quality Swiss stem-winding movement with 15 jewels which is working well. The movement is protected by an inner hinged cover. The watch itself measures 50.7mm diameter excluding the winding stem and the loop. The case is gold filled and is the Moon model made by the Dennison Watch Case Company. The case has light surface marks from use and a couple of small "dings" to the front and back covers but overall it is in nice condition. The front cover has a small lens surrounded by enamel filled Roman numerals, a small amount of the infill is missing although hardly noticeable to the naked eye. The winding crown pushes in to open the front cover. Inside the glass lens is in nice condition. The white enamel dial is in nice condition. Note the special hour hand for half hunter watches, so that the hands can be distinguished between when the front cover is closed. The watch comes in a new presentation box. Price includes worldwide postage.
