## 1930s Cyma Rambler half hunter pocket watch

Price

**Sold**

**Item Reference: SA541504**

**Date of manufacture: 1930**

## Description

A 1930s Cyma half hunter pocket watch. The watch has a stem-winding movement which is working nicely. The movement is protected by an inner hinged cover upon which is an engraving, 'R S, November 17th 1936'. There are a few short scratches to this inner cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and was probably made by the Dennison Watch Case Company, a prolific manufacturer of cases for various watch makers. The front cover has enamel filled Roman numerals surrounding a small lens (the small lens has some grazing). The winding crown pushes in to open the front cover. Inside there is an acrylic lens which is in good condition. The white dial is in good condition with blue steel hands, including the special half hunter hand so the hour and minute hands can be distinguished between when the front cover is closed. The watch will be sent in a new presentation box. Free worldwide shipping
