Description

A 1920s Swiss full hunter pocket watch. The watch has a high grade Swiss, 17-jewel stem-winding movement which is working nicely. The movement is protected by an inner hinged cover. The watch itself measures 50.6mm diameter excluding the winding stem and the loop. The case is gold plated and is the Star model made by the Dennison Watch Case Company. The case has light surface marks from use but overall it is in nice condition. The winding crown pushes in to open the front cover. Inside there is a glass lens which is in good condition. The white enamel dial has a faint hairline crack between the centre and 10 o'clock although hardly noticeable, but overall it is in nice condition. The watch has its original blued steel hands. The watch will be sent in a new presentation box. Price includes worldwide postage.
