Description

Antique 1908 Waltham Traveler full hunter pocket watch. The watch has a stem-winding movement, Traveler grade, which is working nicely. The movement is fully signed and the serial number 17467628 dates it back to 1908. The movement is protected by an inner hinged cover. The watch itself measures 50.3mm diameter excluding the winding stem and the loop. The case is gold plated and is the Star model made by the Dennison Watch Case Company, a prolific case manufacturer based in England who made cases for various watch manufacturers. The case has light surface marks from use and some wear to the edges but overall it is in nice condition for a 1908 watch. The winding crown pushes in to open the front cover. Inside there is a glass lens which is in good condition. The signed dial has a faint hairline crack to the sub second dial but overall it is in nice condition. The watch has its original gold hands and blued steel sub second hand. The watch will be sent in a new presentation box. Price includes worldwide postage.
