Description

an exceptionally fine antique Senneh carpet of unusually large size. The knotting on this example as fine as I have seen on a Senneh work and it is also the biggest one I've ever seen. Perhaps a special commission. Truly a work of art that must have taken a year or more to make. Elegant design and soft colour that should suit the smartest of houses. Even low pile, side cord replaced, super clean and floor ready. The piece packs up like a handkerchief.
