Description

A truly stunning and immaculate pair of Victorian shell shaped serving/table dishes in silver plate. Each of the dishes is beautifully embossed with flowers and can be used simply as decorative pieces on a table or sideboard or utilised as serving dishes. They sit on unusual and equally beautifully made shell 'feet'. Made by Daniel and Arter (Globe Nevada Silver Works), these are, in our opinion, undoubtedly the best example of this type of dishes we have seen in many years and will be a magnificent addition to any fine dining venue or table.
