Price

Sold

Item Reference: SA543380

Date of manufacture: 1900

Dimensions

Height = 184 cm (72.4")

Width = 40 cm (15.7")

Depth = 40 cm (15.7")

Description

Antique telescopic gilt metal & brass standard lamp in good condition & with some lovely intricate features. The rams heads & other castings are well defined. I'm not sure what the black sections, like the claw feet & parts of the column are finished in. Maybe they were painted. Either way they have the original finish still on them. Please enlarge all the images to appreciate all the fine details. The shade came with this lamp & although not perfect, you are welcome to have it. I would date this lamp to around the 1900-1910 period. (Shade is a little beaten and worn, one tassel missing. Lamp fully re-wired and good working order.) Width base – 12.5 inches, 32 cm Width shade – 16 inches, 40 cm Height to bulb socket – 60 inches, 152 cm – 80 inches, 204 cm Height to top of shade – 72.5 inches, 184 cm – 93 inches, 236 cm
