Description

Pair of antique gilt metal lamps in working order with neoclassical forms. The detail especially around the bases is exquisite. It's nice to find these sort of things in pairs. They may have started out life as candle stick, but we obtained them as lamps & just had them re-wired. I would date them to around the 1890-1910 period, however I could be a little bit out on dating. Width – 6 inches, 13 cm Height – 16 inches, 39 cm
