Description

A 1920s Swiss half hunter pocket watch. The watch has a good quality stem-winding movement which is working nicely. The movement is protected by an inner hinged cover. The watch measures 51mm diameter excluding the winding stem and the loop. The case is gold plated and is in good condition, just three little pin prick "dings" to the front and a gentle indentation to the back, nothing serious at all. The front cover has a small lens surrounded by enamel filled Roman numerals. The front cover is opened by pressing the winding crown in. The watch glass is in good condition. The dial is in lovely condition with blued steel hands (including the special half hunter hour hand), a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box. Free worldwide shipping
