

SA545612

A 1926 Waltham hunter pocket watch.

Price

Sold

Item Reference: SA545612

Date of manufacture: 1920

Description

A 1926 Waltham hunter pocket watch. The watch has a 17 jewel grade 625 stem-winding movement which is working nicely. The movement is fully signed and the serial number 25682372 dates it back to 1926. The movement is protected by an inner hinged cover. The watch itself measures 50.3mm diameter excluding the winding stem and the loop. The case is gold plated... there are a handful of small "dings" to the outer case but overall it is in nice condition for a 1920s piece. The winding crown pushes in to open the front cover. Inside there is an acrylic lens ... often the glasses lenses were replaced with acrylic when they broke, a much more durable material. The signed white enamel dial has a couple of faint hairline cracks to the outer edge at 4 o'clock although hardly noticeable but overall it is in nice condition. The watch has its original blued steel hands. The watch will be sent in a new presentation box. Price includes worldwide postage.
