

SA545635

An antique silver pocket watch,
1903.

Price

Sold

Item Reference: SA545635

Date of manufacture: 1900

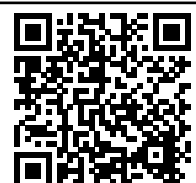

Description

An antique silver pocket watch, 1903. The watch has a nicely jewelled Swiss stem-winding movement which is working well. The movement is protected by an inner hinged cover which has some marking and a few light scratches. The watch itself measures 50.2mm diameter excluding the stem and the loop. The case is silver and there are hallmarks inside the case back Birmingham 1903 with the case makers mark for the Dennison Watch Case Company. The case has light surface marking from use and some wear to the engine turning on the back but overall it is in nice condition for a 1903 piece. The glass lens has minor marking from use although very acceptable. The white enamel dial has a couple of small surface scratches although only noticeable through a jewellers loupe. The watch has its original blued steel hands. The watch will be sent in a new presentation box. Price includes worldwide postage.
