Description

Late 19th century Scottish 8 day longcase clock by R. F. MacAULAY of PERTH. Brass and silvered dial to the clock with 8 day movement, striking on a bell on the hour. Carved oak "GREEN MAN" case is of high quality and is a pleasing light colour. This is an original late 19th century carved oak case and not an earlier clock that has been carved later. The condition of the case is basically very good but there are a couple of age cracks and shakes in places. The movement has been fully serviced and as such is in full working order. There is a full page of information about the maker attached to the inside of the door. SIZE; 19" wide by 12" deep by 84" high CIRCA; 1895
