Description

This antique Swedish chaise lounge is a stunning piece of furniture & very stylish too. The frame is solid walnut & the leather upholstery is all original. I would date this piece to around the 1880-1890's period, although the style is Regency. The leather upholstery has loads of character & has natural fading. I love the design of the stitching & the original tacks onto the frame. There is a bit of wear, but no rips or holes, mainly on the top section of the leather & it is clearly shown in the images which you can enlarge. The leather has been polished & had the colour revived, but it's all original, naturally distressed & quite rare to find with such a wonderful original colour. The solid walnut frame is beautifully shaped & carved, with a scrolled over head & foot rest. The frame is also fluted as are the turned legs. This chaise lounge looks great from all angles including the back. It's a very rare piece of furniture & I don't think you will ever find another like it. Width – 68 inches, 172 cm Depth – 26 inches, 66 cm Height – 33 inches, 84 cm Seat height – 18 inches, 45 cm
