Description

A 1930s Omega Art Deco pocket watch. The watch has a stem-winding movement, 37.6L 15P, which is working nicely. The movement is signed with the Omega name and the serial number 7,830,798 dates it back to the first half of the 1930s. The watch measures 50mm diameter excluding the winding stem and the loop. The case is plated and has a Art Deco symmetrical design to the hinged case back. There is a little wear and a small patch of pitting to the bezel but overall the condition is very acceptable for a 1930s piece. The inside of the case back has the early Omega logo. The lens is in good condition. The signed dial has some marking, and perhaps a little darkening. The watch will be sent in a new presentation box. Free worldwide shipping
