

SA547173

A 1920s silver Erlim stem winding pocket watch.

Price

Sold

Item Reference: SA547173

Date of manufacture: 1920

Description

A 1920s silver Erlim stem winding pocket watch. The watch has a nicely jewelled Swiss stem-winding movement signed Erlim, which is working well. The movement is protected by an inner hinged cover. The watch itself measures 52mm diameter excluding the stem and the loop. The case is silver and there are hallmarks inside the case back Birmingham 1924 with the case makers mark for the Dennison Watch Case Company. The case is also stamped two and a half once which is a nice quality heavy case. The case has light surface marking from use but overall it is in nice condition. The glass lens has minor marking from use although very acceptable. The white enamel dial has a very faint hairline crack between 11 & 12 o'clock although only noticeable through a jewellers loupe. The watch has its original blued steel hands. The watch will be sent in a new presentation box. Price includes worldwide postage.
