Description

A 1920s Swiss full hunter pocket watch. The watch has a Swiss 15-jewel stem-winding movement which is working nicely. The movement is protected by an inner hinged cover. The watch itself measures 50.5mm diameter excluding the winding stem and the loop. The case is gold plated and is the Star model made by the Dennison Watch Case Company. The case has light surface marking from use and a mild bruise to the top of the front cover but overall it is in nice condition. The winding crown pushes in to release the front cover. Inside there is a glass lens which has a tiny nibble to the outer edge at 4 o'clock but otherwise it is in nice condition. The white enamel dial has several faint hairline cracks although hardly noticeable but overall it is in nice condition. The watch has its original blued steel hands. The watch will be sent in a new presentation box. Price includes worldwide postage.
