Description

A vintage 1920s Equity full hunter pocket watch. The watch has a stem-winding movement which is working well. The movement is signed Equity Watch Company, Boston, U.S.A. 7 jewels. The watch measures 50.2 mm diameter excluding the winding crown and the loop. The case is gold plated and is the Star model made by the Dennison Watch Case Company. The case is in nice condition with only light surface marks from use and the odd small "ding" to the front and back covers. The winding crown pushes in to open the front cover. Inside there is an acrylic lens ... often the glasses lenses were replaced with acrylic when they broke, a much more durable material. The white enamel dial has a faint hairline crack at 1 o'clock but otherwise it is in nice condition. The watch has its original blued steel hands. The watch comes in a new presentation box.
