Description

A beautiful Georgian mahogany chest of drawers with an attractive bow front, dating from the early 19th Century. It is set on traditional bracket feet with a shaped apron and two short and three long drawers with the original turned knobs. It is in excellent original condition and is a sturdy piece that has been well made and well looked after. The drawers are generally clean and tidy and all run well. It has a wonderful deep colour with a rich patina. It is not without a few small surface marks and knocks and some minor historic repairs but only as to be expected with a piece of this age. The back is strong and sturdy and free from any signs of worm. Overall a lovely piece that displays beautifully. The best description comes from the photos so please look at them all carefully and if you have any questions please ask.
