Gents 1948 Tissot bumper automatic wrist watch

Price

Sold**Item Reference: SA549349****Date of manufacture: 1940**

Description

A gents 1948 Tissot bumper automatic wrist watch. The watch has a bumper automatic movement, calibre 31-1, which is working nicely. Early automatic watches, such as this one, relied on the rotor 'bumping' backwards and forwards between two springs to maintain the power within the movement. Later automatic watches have the fully rotational rotor. The movement is fully signed and the serial number 2,083,206 dates it back to 1948. The watch itself is a good size at 35mm diameter excluding the winding crown and the lugs. The case is stainless steel and overall is in good condition with just some marking and outside scratches to the signed screw-on case back. The lens is in good condition. The signed dial is in its original finish. There is some marking and some darkening. Original dauphine shaped hands, a subsidiary seconds dial and a minute track. A new leather strap has been fitted. The watch will be sent in a new presentation box. Free worldwide shipping
