Description

A 9ct yellow gold and white gold mid-size wrist watch, 1927. The watch has a 15-jewel hand-winding movement which is working nicely. The watch measures 28.5mm wide excluding the winding crown and 28.5mm high excluding the lugs... it would suit a man with a slimmer wrist or could be worn by a lady. The case has 9 carat yellow gold bezel and back and there are hallmarks inside the case back for London 1927. The centre section is white gold and there are hallmarks just underneath the strap. The case is in very good condition, just a small 'ding' to the back, nothing serious at all. The watch glass has minor marking but barely noticeable to the naked eye. The dial has blued steel hands, a subsidiary seconds dial and minute markers. A new leather strap has been fitted. The watch comes in a vintage presentation box from the jewellers F Hinds.
