Date of manufacture: 1920

Description

A vintage silver pocket watch, circa 1929. The watch has a 15 jewel Swiss key-winding movement which is working nicely. The movement is protected by an inner hinged cover. A winding key is included. The watch itself measures 53.4mm diameter excluding the stem and the loop. The silver case has Edinburgh import marks for 1929 and the importers mark D S. The case has some mild bruising to the back although it is in nice condition for a 1920s piece. The watch glass has some light surface marking from use although very acceptable. The white enamel dial is in good condition. The watch has gold hands and a blued steel sub second hand. The watch will be sent in a new presentation box. Price includes worldwide postage.
