Description

Antique 1901 silver key winding pocket watch. The watch has an English key-winding movement which is working nicely. The movement is protected by an inner fitted cover. A winding key is included. The watch itself measures 54mm diameter excluding the stem and the loop. The silver case has Chester hallmarks for 1901 and the case makers mark GC. The case has light surface marking from use and a couple of small "dings" to the back but overall it is in nice condition. The watch glass is in nice condition. The white enamel dial has a couple of faint hairline cracks although hardly noticeable. The watch has its original gold hands and a blued steel sub second hand. The watch will be sent in a new presentation box. Price includes worldwide postage.
