

SA549912

Antique 1890 silver fusee
centre seconds chronograph.

Price

Sold

Item Reference: SA549912

Date of manufacture: 1890

Description

Antique 1890 silver fusee centre seconds chronograph. The watch has an English fusee movement which is working nicely. The movement is numbered 84009. The movement is protected by an inner hinged cover. A winding key is included. The watch itself measures 58mm diameter excluding the stem and the loop. The case is silver and there are hallmarks inside the case back for Chester 1890. The case is in nice condition with only light surface marks from use. The glass lens has light marking to the outer edge but overall it is in nice condition. The dial has a faint hairline crack to the centre of the dial at 2 o'clock but overall it is in nice condition. The chronograph hand is operated by sliding the small button to the side of the case... this button does slide but is very stiff. The watch will be sent in a new presentation box. Price includes worldwide postage.
