Description

A beautiful desktop stationery box with a sloped front and fitted interior, dating from 1909. The cabinet opens up to reveal a series of racks for holding papers and letters. The cabinet comes with its original working key however the doors have shrunk back slightly over time and so the lock is not 100% secure. There is a lovely brass plaque on the cabinet which is engraved "Presented to Mr A Thomas. By the members of the A.U.C.E. Ynpshir Branch. Feb 1909" It is been very well made and although it has been used it has obviously been well looked after over the years. It is in good original condition and has a lovely aged patina. There is a small chip on the back corner and a shrinkage split across the back but no major damages and overall it displays very nicely. Please have a good look at the photos for the best description and if you have any questions at all please ask. Nationwide delivery £10.
