Description

A nice example of a small ebonised gypsy-style table dating from the late 19th / early 20th Century. It is a traditional shape with a round top, three turned legs and a lower supporting shelf. It is in good original condition and is strong and sturdy. There is slight wear to the black paint around the edges and some surface marks commensurate with age and use but nothing detrimental and no major damages. It has been lightly polished and it is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions please ask.
