Date of manufacture: 1920

Dimensions

Height = 35 cm (13.8")

Width = 23 cm (9.1")

Depth = 23 cm (9.1")

Description

Circa 1920-1940 a fine quality bag shaped glass drop ceiling light with all of the original drops and the original glass top. The quality of the glass drops show in the way it reflects light so it has been difficult to photograph; some images have been darkened to show the details of the drops and and the ball underneath. The light measures approximately 34cm in length from the hook at the top to the glass finial at the base, it's approximately 22cm across in width, and has a 15cm length of chain attached which could easily be removed if required. It has been rewired to UK specifications and fitted with a chrome lightbulb holder to suit the glass and that takes a standard UK bayonet lightbulb. Postage and packing within the UK mainland only is included in the price and for outside areas or abroad please contact us for a delivery quote.

Internal Ref: OS/249
