

SA550897

A 1920s silver Visible stem winding pocket watch.

Price

Sold

Item Reference: SA550897

Date of manufacture: 1920

Description

A 1920s silver Visible stem winding pocket watch. The watch has a signed Swiss stem-winding movement, with 17 jewels, which is working well. The movement is protected by an inner hinged cover which has a small dent and light pitting from use. The watch measures 50.7mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside the two case backs for Birmingham 1924 with the case makers mark for the Dennison Watch Case Company. The case has light surface marking from use and the case back has some mild bruising and a small dent to the bottom edge but overall it is in nice condition for a 1920s piece. The watch glass is in nice condition. The dial is in beautiful condition with blued steel hands, a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box. Price includes worldwide postage.
