Description

These beautiful 1920s cast iron machinists stools originally came from a clothes factory in Scotland .They are in very good condition for their age - the metal has had a good clean up, all dirt and grease has been removed, and the elm seats have been French polished. We are very lucky to have this wonderful pair and it is ideal for a bistro, shop or office. We're able to hire out our lovely chairs so if you want to discuss our rental agreements, feel free to reach out to Josh or David. Price is for the pair.
