Description

Pair of walnut small chests This pair of walnut small chests were made in the first part of the 20th century. It is lovely that these are a pair, and the veneers were chosen to be put on a pair, not matched in the hope they might look ok. These chests are bow fronted and stand on shaped bracket feet. The drawers have their original brass fretted drop handles. Pairs of bedside chests are very hard to find and so this is your opportunity to own these. 56cms wide 22ins 41cms deep 16ins 72.5cms high 28 1/2ins 58cms wide across the feet 22 3/4ins UK mainland delivery £75+vat
