Description

Antique Waltham half hunter pocket watch, 1919. The watch has a stem-winding movement which is working nicely. The movement is fully signed and the serial number number 23,281,472 dates it back to 1919. The movement is protected by an inner hinged cover. The watch itself measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and it is in good condition, just a couple of patches of rubbing to the back and a small "ding" but nothing too serious. The winding crown pushes in to open the front cover. Inside there is a glass lens which is in good condition. The signed dial is in very nice condition. Blued steel hands (including the special half hunter hour hand), a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box. Free worldwide shipping
