Antique Globe pocket watch and double albert

Price

Sold**Item Reference: SA551490****Date of manufacture: 1910**

Description

An antique Globe pocket watch and double albert. The watch has a Swiss stem-winding movement which is working nicely. The movement is signed with the name Globe, a brand name which was registered by quite a few Swiss watch manufacturers. The movement is protected by an inner hinged cover, there is some scratching to this inner cover where it has been opened in the past. The watch measures 53mm diameter excluding the winding stem and the loop. The case is nickel. It has general surface marks from use, and a slight unevenness to the hinged case back. The watch glass is in good condition. The dial has a good look with a slightly sunken centre, stylish numbers and an outer minute track. There are a couple of short faint hairline cracks near the centre but not too noticeable to the naked eye. The hands are pin-set. The watch comes with a double albert with each chain measuring 21cm long including the T-bar and the clasp. There is also a 1904 silver fob. The watch and chain will be sent in a new presentation box. Free worldwide shipping
