Description

An antique silver Omega pocket watch, c1917 The watch has an Omega stem-winding movement which is working nicely. The movement is signed Omega and is numbered 5068273 which dates it to 1916/17. The movement is protected by an inner hinged cover. The watch itself measures 50.2mm diameter excluding the winding stem and the loop. The case is silver and has Birmingham hallmarks for 1917 with the case makers mark for the Dennison Watch Case Company. The case has light surface marking from use but overall it is in nice condition for a 1917 piece. The glass lens has light surface marking from use although very acceptable. The white enamel dial is signed Omega and it is in nice condition. There is some damage to the very edge but this is hidden by the bezel. The watch has its original gold hands and a later sub second hand although antique. The watch will be sent in a new presentation box. Price includes worldwide postage.
