

SA552670

Antique Swiss silver half hunter pocket watch.

Price

Sold

Item Reference: SA552670

Date of manufacture: 1910

Description

Antique Swiss silver half hunter pocket watch. The watch has a stem-winding movement which is working well. The movement is protected by an inner hinged cover. The watch itself measures 50.4mm diameter excluding the winding stem and the loop. The case is silver and there are Swiss .935 hallmarks inside the three covers. The case has engine turned detail on both the front and back. The case has light surface marks from use and some mild bruising to the back covers. The front has Roman numerals filled with dark blue enamel set around a small lens. The lens has light surface marking from use although very acceptable. The winding crown pushes in to release the front cover. Inside there is an a glass lens which is in nice condition. The dial is also in nice condition with gold hands (including the special hour hand for half hunter watches so the time can be read when the front cover is closed). The hands are initially pin-set. The watch will be sent in a new presentation box. Price includes worldwide postage.
