Description

So English and so Victorian, this is a fabulous brass wire mesh letter rack with a handy handle to the top, perfect for wall-hanging. Because of its large size, it could originally have been for newspapers or magazines but too small I think for today's media. This lends itself perfectly for the larger letters and papers we all accumulate on a daily basis of course just as handy in the home office for organizing all sorts of things. The sides have a decorative scroll at the end of each compartment. Perfect condition, measuring 16 1/2" tall to top of handle x 12" wide. Item ID: 22542 ----- FREE Worldwide Registered Airmail, Insurance Optional.
