Description

Antique 1903 Waltham Traveler full hunter pocket watch. The watch has a stem-winding movement, Traveler grade, which is working nicely. The movement is fully signed and the serial number 12385866 dates it back to 1903. The movement is protected by an inner hinged cover. The watch itself measures 50.5mm diameter excluding the winding stem and the loop. The case is gold plated and was made by the Star Watch Case Company U.S.A. The case has light surface marks and light bruising from use and some wear to the edges but overall it is in nice condition for a 1903 watch. The winding crown pushes in to open the front cover. Inside there is a glass lens which is in good condition. The signed dial has a faint hairline crack between the sub second dial and 9 o'clock but overall it is in nice condition. The watch has its original blued steel hands. The watch will be sent in a new presentation box. Price includes worldwide postage.
