## Description

Rare mid C19th olive-wood wine table or candle-stand on a quadruple support base. Dished-top circular wine table raised on a 'bobble' carved spiral-twist 'Solomonic' column stem, with leaf-carved detail above the four-splay carved and shaped base with carved scroll feet. The lower terminal of the column with a lacquered brass collar. The whole table unusually constructed of olive wood, a timber scarcely used in the manufacture of English furniture during this period.. The figured solid top of well-selected timber with a striking grain. The whole table has achieved a glowing honey-coloured patina. In good original condition with only minor historic repairs. Minor marks to the top commensurate with age and use. Has been cleaned, waxed and checked in our workshops, and is ready to use. H 23" W 12" D 12" England c. 1840
