Description

An Unusual Low Back Windsor Chair in Ash with an Elm seat, it has all the hall marks of an early Retford chair maker William Wheatland c 1820, crinolin stretcher, single ring leg turning, shaped underarm support and scratch carved line round the edge of the seat, but it has a notch carved out under the ends of the arms and the vertical spindles do not exit underneath the seat, so actually a bit of a mystery chair. The condition is excellent with a pleasing colour and patina circa 1820 DIMENSIONS WIDTH 55 CMS DEPTH 42 CMS HEIGHT 90 CMS SEAT HEIGHT 45 CMS
