Description

A mahogany cased English convex dial fusee wall clock. A slim case surround with a cast brass bezel. A 12" domed painted dial signed 'HURST LONDON' with blued steel hands. An 8-day duration timepiece fusee mechanism. There are a few Hurst of London clockmakers recorded in Loomes' 'Watchmakers and Clockmakers of The World'. This example dates to circa 1825. The case is in very good condition and has been subject to a partial rebuild in its past. From Kembery Antique Clocks Ltd. you can expect a genuine antique wall clock that is in full working order.
