Description

RARE early 19th century treen secure pill box in walnut. The box in the middle is nicely turned with various ring decorations and splits in the middle to open. This box is kept completely secure with the outside ring which locks everything in place. Great shape to the outer ring. There is one illustrated in the Pinto treen book but these are rare and hardly ever survive especially in this condition. No damage and a lovely colour. Price includes UK postage and packing. SIZE; 3" diameter in total. CIRCA; 1825 - 1840
