Description

A Georgian 5 Plank Oak Coffin. These charming chests are known as 5 plank because it takes 5 planks to make one, front, back, top and bottom and the last plank is cut in half to form the sides which need to be half the size of the length of the coffin. The chest is made in solid Oak, the top has a scalloped carving (chip carved) along its edges with a small scratch carved decoration at each side. The Front of the Coffin has a large blacksmith made escutcheon plate and there is the remains of a hasp on the top, it has staple hinges and a lidded candle box inside. This is a very old piece, it has a repair to one foot, (this is an old repair) it has a good colour and is in satisfactory condition for its years. The coffin is 40" long, 16" deep and 19" high.
