Description

A gents boxed 9ct gold wrist watch from J W Benson, 1948. The watch has a Swiss hand-winding movement, signed J W Benson, which is working nicely. The watch itself measures 29mm wide excluding the winding crown and 29mm high excluding the lugs, it would suit a man with a slimmer wrist or would work nicely as a lady's watch. The case is 9 carat gold and there are hallmarks inside the case back for Birmingham 1948. There is also a case maker's mark for Aaron Dennison (Dennison Watch Case Company) who supplied various watch manufacturers with cases, and also the J W Benson signature. The case is in good condition. The back of the watch has a long service inscription. The lens is in good condition. The signed dial has a little marking but overall acceptable for a 1940s piece. A new leather strap has been fitted. The watch comes in a vintage presentation box. It is tatty and the corners are held together with tape but still good to have. Free worldwide shipping
