Description

1925 Waltham Traveler pocket watch. The watch has a stem-winding movement which is working nicely. It is a good quality movement with beautiful patterned plates. The movement is fully signed and the serial number 25025648 dates it back to 1925. It is all protected by an inner cover. The watch measures 50mm diameter excluding the winding crown and the loop. The case is gold plated and is in good condition with just light surface marks, nothing serious at all. The watch glass has one scratch, about 5mm long, and a few lesser marks, but you have to look quite carefully to see them. The dial is in very nice condition and has blued steel hands, a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box. Free worldwide shipping
