Description

Strong looking antique Victorian swivel desk chair in good original condition. This piece was actually sold by me about 10 years ago & I have just done a part exchange with the customer for some different furniture he wanted from me. This chair was now surplus to his requirements. It's a great looking chair & very comfortable, due to the curved shape back & scooped out seat. One could even make it more comfortable by adding a loose seat cushion. It's a heavy well constructed piece & very solid looking too, with strong legs & cross stretchers between them. I can't work out if the wood is elm or oak & maybe it's a combination of both. I particularly like the shape of the back splats, the shaped out seat & the shape of the legs, which sit on brass casters. Width – 28 inches, 70 cm Depth – 25 inches, 64 cm Height – 34 inches, 86 cm Arm height – 29 inches, 73 cm Seat height – 18 inches, 46 cm
